

Getting Started:

A representative of Monte Lauro Vineyards is ready to discuss with you the Monte Lauro Vineyards Micro-Leasing concept—a single or double occupancy adventure/travel plan that gives you access to the 10th-century castle (Chateau Montlaur), shabby-sheik accommodations in the chateau's adjoining 600-year-old renovated farm buildings or well appointed nearby accommodations, your own ten vines in the vineyards, and the opportunity to purchase Monte Lauro's Wines at significantly discounted prices.

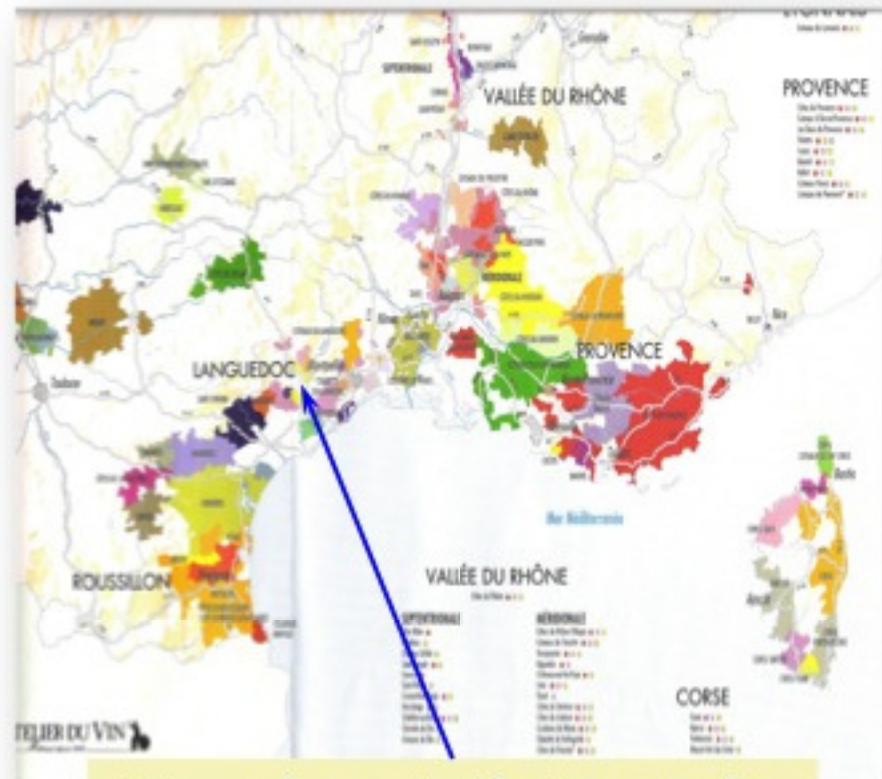

Becoming a Micro-Lease-Holder provide you with these benefits, and a way to travel to and spend a week in the south of France that will save you more than the cost of the Micro-Lease itself.
